HOOVER CANISTER HP4

MAIN FEATURES

- Powerful motor: **850 W**.
- Great cleaning results on all surfaces with a low **noise level: 68 dBa**.
- **Minimized and easy maintenance**: empty the bin less frequently thanks to its extra large **2.5 L bin capacity**. The **one click bin emptying** is super quick and hygienic, avoiding the contact with dust.
- **Compact size** and **practical carry handle** make the product easy to store in any space and convenient to carry anywhere.
- **Washable Hepa 13 filter**, to optimize air filtration.
- **Extra long 10.5 m working radius** with a **7.5 m cord length** guarantee long cleaning session without having to stop and unplug the cord.
- Intelligent handle with **suction regulator** and **integrated dusting brush**.
- **Nanopack system** helps to store the hose around the product.
- 360° rotating castor front wheel.
- **Automatic cord reel**.
- **Telescopic extension tube** with **Parking hook**, that gives the possibility to park temporarily the product.
- Fixed power control.

Note: image only indicative for colours.

MAIN NOZZLE

- All Floors Adaptive Nozzle: Nozzle with suction regulator to suit all floor types.
