

# Induction Cooktop, 90cm, 5 Zones

Series 9 | Contemporary

Black Glass

Ultimate flexibility. A stand-out choice, with four cooking zones that can be combined to create two SmartZones, plus a dual zone.

- Child and pet safe – cooktop remains cool to touch until a pot or pan is placed on the surface
- PowerBoost activates a very high heat, bringing liquid to boil in less than a minute
- Touch&Slide controls easily control each cook zone

## DIMENSIONS

Height	49 mm
Width	900 mm
Depth	530 mm

## FEATURES & BENEFITS

- Precise Control**  
Fisher & Paykel induction cooktops offer extremely accurate temperature control from very high to very low heats, so you can sear, sauté; and temper like a pro. Touch&Slide controls react immediately when you adjust the temperature, so you can go from a boil to a simmer in seconds.
- Safer Choice**  
Induction cooktops only start heating your pot or pan once you've placed it on the ceramic surface and stop as soon as you

remove it – so you don't have to worry about curious little fingers or leaving an element on.

**Easy Cleaning**  
The surface around your cookware stays cool when you cook – preventing baked-on spills and making cleaning up a breeze. The durable ceramic cooktop surface just needs a quick wipe after use to maintain its good looks.

**Enhanced Features**  
PowerBoost and GentleHeat deliver either very high or very low heat fast for specialised cooking tasks such as searing meat and melting chocolate. An integrated timer keeps you on track.

**Superior Efficiency**  
No heat is wasted during induction cooking because only the cookware is heated, not the cooktop surface. This makes induction cooking more energy-efficient than electric or gas cooktops.

**Larger Cooking Area**  
SmartZone links two cooking zones and controls them as one giving you the flexibility to use large pans and griddles and easily handle bigger food items like pancakes.
