UP TO 70 MIN RUNTIME (Eco, HH)

EXTRA MANEUVRABLE

¹Suction power AW measured according to IEC62885-4:2020 in Boost mode, handheld configuration. Boost mode only available in handheld

²Running time measured with main motorized nozzle.

³Up to 40 AirWatt Suction Power X 30 minutes or more Runtime. Suction power AW measured according to IEC62885-4:2020 at tube end; runtime measured with nozzle attached according to IEC62885-4:2020 on carpet and hard floor; based on internal tests with default operating modes allowing for c. 20 minutes or more runtime.

⁴Using either the main nozzle or the accessories.

⁵When the cleaner is in use and attended, you can temporarily park it in vertical position on hard floors. However, if the vacuum is left unattended, it must be stored on its wall mount.
