

FISHER & PAYKEL 90cm INTERGRATED REFRIGERATOR

MODEL: RS90AU1

RS90A1

Capacity		Consumption	
Freezer	102 L	Energy rating	A+
Refrigerator	329 L	Energy usage	358 kWh/year
Total	431 L		

Features & Benefits

No More Gaps

The Slide-in series minimises gaps through heavy-duty inline hinges and adjustable doors enabling minimal 4mm gaps to create consistent lines throughout your kitchen. The series fits flush with cabinetry to minimise disruption and deliver design freedom through stainless or custom panel options.

Sized to Suit

The spacious 900mm French Door fridges are designed for family life, with double doors for easy access to uninterrupted fridge space.

Easy Cleaning

Removable, spill-safe cantilevered glass shelves are designed to contain drips and spills that can be simply wiped away, while leaving the interior walls completely smooth and easy to clean. Storage bins and EZKleen stainless steel doors just need a wipe to keep spotless.

Flexible Living

These fridges adapt to suit your lifestyle by streamlining food preparation and organisation with SmartTouch controls, flexible shelving and storage options, and slide out bins and trays. In Ice and Water models the water filter is easily accessible for quick cleaning or replacement. Crisp LED lighting in all compartments lights up all the shelves, bins and trays.

Efficient

These ActiveSmart™ fridges intelligently adapt to daily use to help save energy, cooling and defrosting only when they need to without compromising on food care.

Panel Ready
