 - Internal ice maker with boost feature for busy times
 - Spacious bottom freezer with full extension drawer gives easy access to frozen goods

DIMENSIONS

Height	2028 mm
Width	906 mm
Depth	606 mm

FEATURES & BENEFITS

- No more gaps**
Our integrated products are designed to seamlessly integrate with your kitchen. This fridge will fit flush with your cabinetry for a seamless finish.
- Simple storage**
This fridge is designed to make it simple for you to store, access and remove food. Storage bins give you full access inside when they're pulled open and can be easily removed to clean. Our flexible shelving also gives you more storage options.

- Ice maker**
Fresh ice is always available for you in a dedicated freezer bin. Simply turn it off to free up freezer space or during busy times, you can boost ice production by up to 30%.
- Clever energy**
Your fridge adapts to daily use by cooling and defrosting only when needed. This ActiveSmart™ technology means better energy efficiency without compromising on food care.
- Easy cleaning**
Spill-safe secure glass shelves easily capture any drips or leaks and prevent them from falling on items below.
- <<Missing Feature Title>>**
Our integrated products are easy to install, whether you are renovating your kitchen or designing a new one. Adjustable front and rear feet allow for uneven floors alongside adjustable door panels that can be customised to match your kitchen.
- Design quality**
Our fridges are designed and built using quality materials. We use real stainless steel on our fridges and solid glass for shelving.
- ActiveSmart™ Foodcare**
